## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see Amendment, filed 2/24/05, with respect to claims 1, 3-12, 14-16 and 18-20 have been fully considered and are persuasive. The rejections of claims 1, 3-12, 14-16 and 18-20 have been withdrawn.

### ***Reasons for Allowance***

2. Claims 1, 3-12, 14-16 and 18-20 are allowed over the prior art of record. Claims 1, 3-12, 14-16 and 18-20 are renumbered as 1-17 respectively.

3. The prior art of record does not teach or suggest the unique combination of "the video image being configured for providing at a first resolution, at least some of the image data being stored at a second resolution higher than the first resolution; enabling at least some of the image data configured with the second resolution to be converted such that the frames provided to the user for rendering as video images are configured with the first resolution; receiving a request for image data corresponding to one of the frames of image data at the second resolution; and enabling image data corresponding to the requested one of the frames to be provided to the user for rendering as a still image, the still image being configured for providing at the second resolution".

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled Comments on Statement of Reasons for Allowance.
